Projects

Pixlore AI Studio | *Personal Business Project* Website August 2026

- Founded and operate an AI-driven fashion platform enabling customers to browse and purchase tailored AI-generated product images, runway videos, and custom AI model packages, with an interactive cart system for direct ordering.
- Designed the full UI/UX with modern glassmorphism aesthetics, animations, and scroll-reveal effects; managed AI content production and multi-platform digital marketing across TikTok, YouTube, and Facebook.
- **Technologies:** React 19, Vite, TypeScript, Tailwind CSS, ComfyUI, Flux, Kling AI, fluent-ffmpeg, sharp

Impact of Generative AI on Teenagers' Cognitive Development and Critical Thinking | *Final Year Project (Ongoing)*

- Designing the UI/UX of a metacognition-oriented AI agent using Socratic questioning and adaptive scaffolding to promote critical thinking and self-reflection in teenagers aged 13–18.
- Applying prompt engineering techniques to design adaptive AI responses that guide users toward independent reasoning rather than providing direct answers.
- **Technologies:** Flutter, Python (Flask), Supabase, OpenAI API, Google Gemini API

Utopia – Smart Town Management | *Academic Project* GitHub June 2025

- Designed and implemented the citizen-facing UI for a smart city platform, focusing on intuitive dashboards for real-time incident reporting, public services, and emergency notifications.
- Applied user-centred design principles to create accessible and responsive interfaces across both mobile app and web dashboard.
- **Technologies:** Flutter, Dart, React, Node.js, JavaScript, Figma

SmartCare: Patient Readmission Prediction | *Academic Project* GitHub Demo September 2026

- Designed and deployed a Streamlit-based clinical decision support interface, translating complex ML outputs into a clean, user-friendly prediction dashboard for hospital use.
- **Technologies:** Python, Scikit-learn, XGBoost, SHAP, Streamlit

Certifications

- React (Basic) — HackerRank
- Introduction to Generative AI Studio — Google Cloud, Simplilearn SkillUp
- Create Engaging Video with Google Vids — Google Cloud, Simplilearn SkillUp
- Software Engineer Intern — HackerRank

Honors, Awards & Extracurricular

- Vice-Chairperson, IEEE Computer Society Student Branch Chapter, SLTC — 2025 – 2026
